

WHO WE ARE

100% NOT FOR PROFIT

100% NOT FOR PROFIT, we offer the most meaningful, deliberate and conservation focused wildlife and safari experience in the world. Every guest that stays at TimBila Nature Reserve is contributing directly to the Naan/ ku se Foundation and is making a difference not only in the lives of the wildlife but also in harboring change for the cultures and landscapes of Namibia. Choosing to experience a safari with us, is choosing deliberate change.

ANIMAL WELFARE

The Naankuse Foundation provides a safe haven and second chance for countless injured, orphaned and conflict animals. Wherever possible the aim is to release animals back into the wild, TimBila Nature Reserve providing the perfect forever home. 100% not for profit, your stay allows us to translocate wildlife in need of a second chance.

WHO WE ARE

HUMAN WELFARE

The San Bushmen are one of Namibia's oldest and most harmonious cultures, extremely adapt at surviving and thriving whilst at one with nature. The Naankuse Lifeline Clinic provides medical support for these impoverished communities. Run 100% on income from tourism and donations this clinic is absolutely vital to the wellbeing of the San.

COMMUNITY WELFARE

The Ancient Skills Academy provides guests an opportunity to enter a traditional San village and learn about their way of life. Only through understanding can better life conditions be imagined. Change is created for the next generation through the Clever Cubs School, forming the foundational basis for a better tomorrow.

WHO WE ARE

SUSTAINABLE

“One generation plants the trees, another gets the shade”.

Self-sustainability forms an integral part of our vision at TimBila Nature Reserve and our purpose is clear: to conserve the landscapes; protect the wildlife and improve the lives of the people we work with. Our solar plant is one of the largest private solar plants in Namibia and we display it proudly, knowing that we are making a difference every day.

PLASTIC FREE

Our surrounding communities live very different lives than our average guests and have challenges like sanitation, water and basic necessities at the forefront of their thinking. This unfortunately means that eliminating single use plastic has taken a back seat in Namibia. We have vowed to change that. We have committed to say no to single use plastic and have procured sustainable and compostable corn-based alternatives and glass substitutes for use in our properties. Together we can create change.

WHO WE ARE

PROUDLY NAMIBIAN

We are passionate about creating economical change in Namibia so we have sourced only the finest Namibian craftsmen to partner with. Our interiors have bespoke hand crafted furnishings which are created by Namibians from locally sourced materials.

The coffee we serve you is bean to cup and is fairtrade sourced and roasted by hand in Namibia. We buy from farmers in our immediate area first and are proud to say that local is lekker. Our flagship wine, Neuras, is organically grown and handmade in the Namib desert.

CONSCIOUS PARTNERS

From our hand crafted, recycled glass chandeliers - made by previously disadvantaged youth - to our recycled truck diesel filter lights we aim to make a conscious difference through every purchase. The wines on our wine list have been curated to echo our beliefs and are made in wineries using sustainable viticulture techniques. Our Outdoor furniture supports a young designer project for up and coming disadvantaged artists and carpets have been made from recycled PET bottles. Every decision we make is one that better the earth.
